Narrative
interviewed ———————————————————————————————————
2. Homicide victims Maddie Mogen (DOB 2002-2001) and Xana Kernodle (DOB 2002-2002) were both members of the sorority. The purpose of this interview with was for her to go through the member roster and identify other members that were particularly close with Mogen and Kernodle for the purpose of conducting subsequent victimology interviews. We asked for former roommates, fellow pledge class members big and little sisters etc. We had been provided a member roster list from the university. In had printed a new roster list from the sorority and gave it to us. I will transfer this roster to the Moscow Police Department.
 This interview was audio recorded. I later placed this recording on a disc, as well as a scan of the and will transfer this disc to the Moscow Police Department.
4. Nothing further.
