### Narratives

**Original Narrative**

**01/09/2023 11:35:40**

I stopped the vehicle for speeding, 42 mph in a 35 mph zone, confirmed patrolled speed at 29 MPH. Driver stated he was not aware of the speed limit. I noticed he was not wearing his seatbelt and he acknowledged that he was not. I cited him for the seatbelt and warned him for the speed.

Checked RADAR at beginning of shift and following the stop. Have body cam and dash camera saved.
